

BUCKEYE EXPRESS™ INTERNET SERVICE MINIMUM EQUIPMENT REQUIREMENTS

The following details the minimum technical requirements for all workstations and laptops that will be connected to Buckeye Express Internet Service:

PC (Intel or AMD processor)

Processor

- 1 gigahertz (GHz) or faster 32-bit (x86) or 64-bit (x64) processor

RAM

- At least 1 gigabyte (GB) of RAM (more is recommended)

Operating system

- Windows 7
- Windows 8.x
- Windows 10
- Linux

Networking

- Available Ethernet port (RJ45 connector)
- Cat 5e or higher Ethernet cable (recommended)

Wireless Networking (When applicable)

- Existing Wireless adaptor capable of 802.11 g, n or a/c

Software

- A functional web browser such as Internet Explorer 9, Microsoft Edge, Safari, Mozilla Firefox, or Google Chrome
- Anti-virus application with current subscription to definitions (recommended)

Apple “MAC”

Processor

- An Intel Core 2 Duo, Core i3, Core i5, Core i7, or Xeon processor

RAM

- At least 2 gigabytes (GB) of RAM (more is recommended)

Operating system

- MAC OS 10.6 or Later

Networking

- Available Ethernet port (RJ45 connector)
- Cat 5e or higher Ethernet cable (recommended)

Wireless Networking (When applicable)

- Existing Wireless adaptor capable of 802.11 g, n, and/or a/c

Software

- A functional web browser such as Safari, Mozilla Firefox, or Google Chrome
- Anti-virus application with current subscription to definitions (recommended)

Actual speeds experienced by the subscriber may vary depending on the number, performance, and configuration of the following:

- Connected PC or connecting PCs
- Hardware (Processor (Single Core, Multi Core), RAM, Hard Drive (write speed capabilities))
- Router and connecting adapters (Gigabit Ethernet required for 100M and above)
- Software Applications
- Web Browser/Browser Plug-ins (Flash/Java)
- Website/Server Limitations (Not all speed test sites are capable of testing 1G)

For optimal performance, consult your equipment manufacturer/software developer for required upgrades, configuration updates, or troubleshooting guides.
